

Moo Cows

Oh my! Oh dear!
What do we have here?
In the fields and yonder,
A moo cow does wander!

Oh what a fair and pretty sight!
It gives my heart much delight.
Chewing moo cow cud,
Rolling in the delicious, smushy, moo cow mud.

Moo goes cow.
I often wonder how,
How these fuzzy moo cow creatures,
Ever got their moo cow features.

Cute baby moo cow's mother.
Baby moo cow drinking from a moo cow udder.
Baby moo cow rolling in the grass,
And watching other moo cows pass.

And in the dark, hearing a tale,
Of how a famous moo cow female,
Jumped over the moon, head over heel,
And wondering how it'd feel.

All the pretty moo cows in a row,
Watching baby moo cow grow.
I love moo cows with all my heart.
I have from the very start!
